Tiny C Compiler is a small C Compiler for Windows 32 bit and 64 bit, it is also available for Linux

You can download Tiny C Compiler from

[Index of /releases/tinycc/ (gnu.org)](#)

How to run code in Tiny C Compiler

Write the following code in prg1.c

```
#include<stdio.h>

int main()

{

printf("Hello World");

return 0;

}
```

Now compile prg1.c with command

tcc prg1.c

After Successful Compilation exe file will be generated prg1.exe

run command

prg1.exe

and you will get Output as

Hello World
